

## Report- Atlantic General Relativity Meeting

Atlantic GR was held in Fredericton at UNB on April 25-26. Our plenary speakers were Jorge Pullin, from Louisiana State University and Gabor Kunstatter, from the University of Winnipeg. As well we had participants, most of whom gave contributed talks, from the Albert Einstein Institute Dalhousie University, Saint Francis Xavier University and of course from UNB. Details, including titles and abstracts of talks are available from the conference

website. The conference keeps our relatively isolated community in touch, and provides a venue for students and pdfs to discuss their research. The focus is on quantum gravity, since that is the principle research direction of the UNB gravity group.

<http://www.math.unb.ca/~gravity/agr09/>

There were 11 participants, 3 of whom were national/international (Kunstatter, Lim, Pullin) and 8 regional participants.

Expenses for the AGR meeting. The department covered the costs for the coffee breaks and lunches.

Jorge Pullin, air fare and meals \$!,211.07, accommodations \$104.17

Gabor Kunstatter, accommodations \$ \$208.33

Total \$1,523.57
